

Skinner West Classical, Fine Arts & Technology School

K-5 Science Supply List

2016 – 2017

Each student will keep all of his or her science materials inside a single binder. This will help ensure that science notebooks do not get lost, and that students will come to class prepared with all of the supplies they need each day. To set up the binder, you will need:

- A **1.5" 3-ring binder**, with folder pockets inside the covers. Please label the binder with your full name and the word Science.
- A **3-hole punched notebook** labeled with your full name and the word Science.
- A **3-hole punched Pencil Case** (labeled with your full name) containing:
 - At least **three sharpened pencils** and a small **sharpener**
 - **Glue Stick**
 - **Scissors**
 - **Crayons and/or colored pencils**

Please replenish items in your pencil case as needed. We will use glue sticks almost every day!
